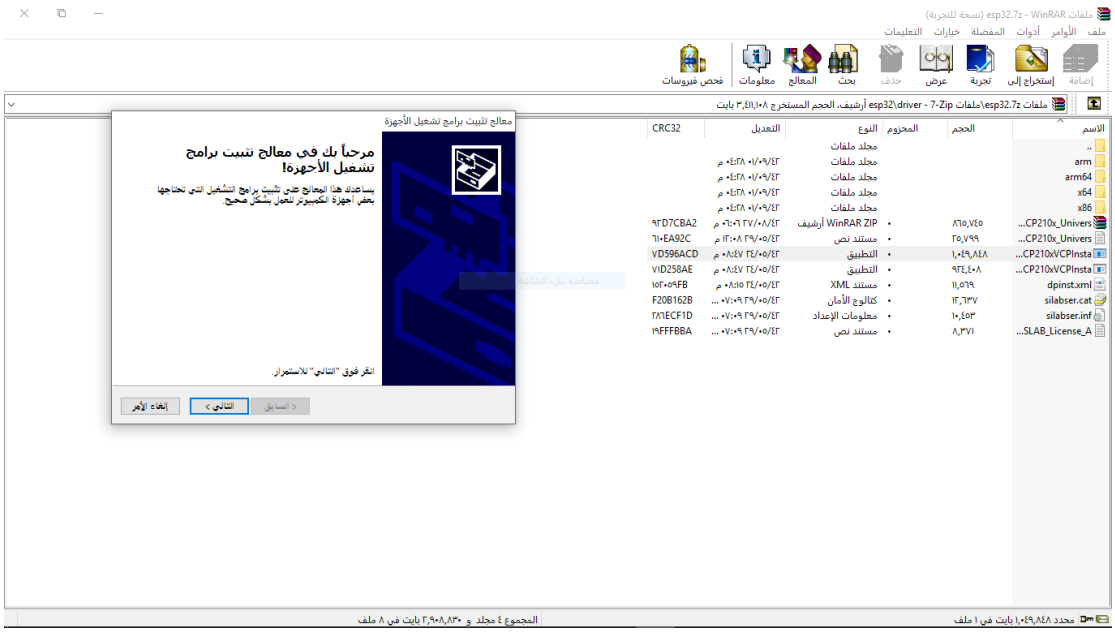
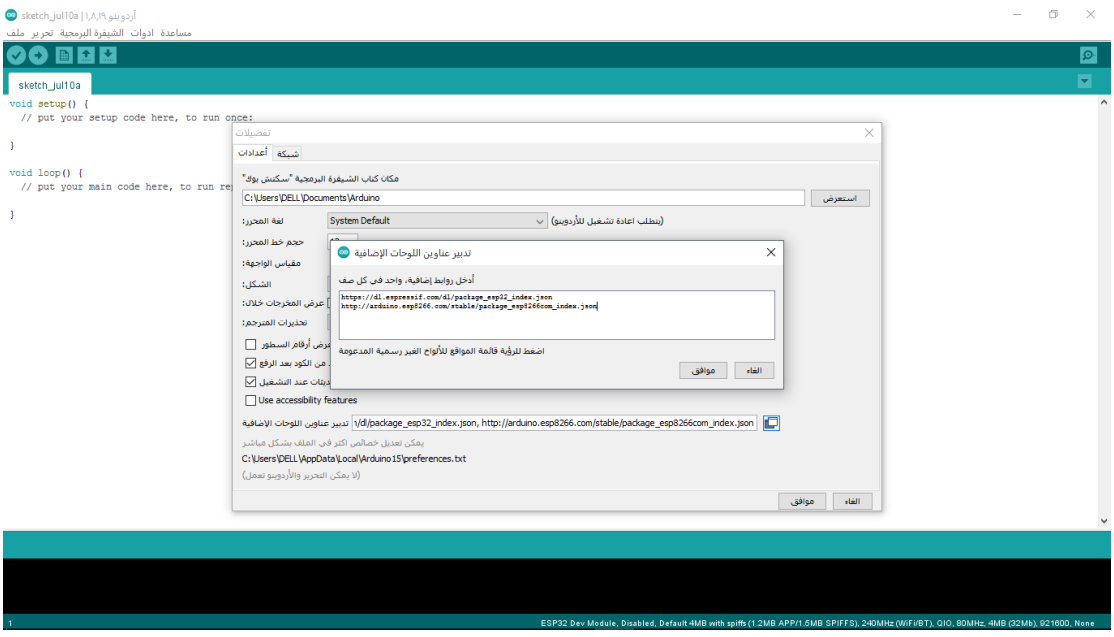
ESP32 Set up

- First, I install cp210xvcpinstaller_x64



- Go to the ardunio program and install the board through the following link: https://dl.espressif.com/dl/package_esp32_index.json, http://arduino.esp8266.com/stable/package_esp8266com_index.json

- Go to settings and put the link in Address boars manager URLS



- Go to Boards, then to Manage Boards, write ESP32 and install it
